I-765, Application for Employment Authorization

i Alert: On Jan. 9, 2026, DHS announced the Adjustment to Premium Processing Fees [final rule](#) that will increase USCIS fees for premium processing to reflect the amount of inflation from June 2023 through June 2025.

This rule is effective March 1, 2026. If you submit a request for premium processing postmarked on or after March 1, 2026, you must include the new fee for the specific benefit you are requesting. If we receive a Form I-907 postmarked on or after March 1, 2026, with the incorrect filing fee, we will reject Form I-907 and return the filing fee. See the [web alert](#) for additional information.

i ALERT: On Nov. 20, 2025, USCIS announced a [Federal Register notice](#) that will increase certain immigration-related H.R. 1 fees for fiscal year 2026. These fee adjustments reflect the amount of inflation from July 2024 through July 2025.

The new inflation-adjusted H.R. 1 fees are effective Jan. 1, 2026. If you submit a benefit request postmarked on or after Jan. 1, 2026, that requires one of these H.R. 1 fees, you must include the new fee for the specific benefit you are requesting. We will reject any affected immigration benefit request postmarked on or after Jan. 1, 2026, without the proper filing fee. See the [web alert](#) for more information.

i ALERT: Please remember that photos submitted to USCIS must be unmounted and unretouched. Unretouched means the photos must not be edited or digitally enhanced. The submission of any mounted or retouched images will delay the processing of your application and may prompt USCIS to require that you appear at an Applicant Support Center to verify your identity.

Certain aliens who are in the United States may file Form I-765, Application for Employment Authorization, to request an [Employment Authorization Document](#) (EAD). Other aliens whose immigration status authorizes

them to work in the United States without restrictions may also use Form I-765 to apply for an EAD that shows such authorization.

If you have not already started the EAD application process, you can begin [here](#) by creating a USCIS account online and filing [Form-I-765](#). We will mail your work permit to the address you provided in your application if your application is approved. If necessary, you can file a paper application for Form I-765 instead.

After we approve a Form I-765, your EAD card should be produced within 2 weeks. We will mail your EAD card via U.S. Postal Service (USPS) Priority Mail.

Please ensure you have the correct mailing address on file with USCIS. If your mailing address changes after you file your application, you must [update your address with USCIS](#) and [USPS](#) as soon as possible. If you don't update your address promptly, your case could be delayed, your document(s) could get lost, and you may need to reapply and pay the fee again.

The timeframe in which you will receive your EAD card may vary, depending on USPS delivery times. Please allow a total of 30 days from approval before inquiring with USCIS. We encourage you to use [Case Status Online](#) to find your USPS tracking number for EAD card delivery. If you have not received your EAD card within this time frame, please visit [e-Request - Self Service Tools](#) for instructions on how to submit an inquiry.
